

## Occupy Wall Street

By Dr. Thomas Sowell

The current Occupy Wall Street movement is the best illustration to date of what President Barack Obama's America looks like. It is an America where the lawless, unaccomplished, ignorant and incompetent rule. It is an America where those who have sacrificed nothing pillage and destroy the lives of those who have sacrificed greatly.

It is an America where history is rewritten to honor dictators, murderers and thieves. It is an America where violence, racism, hatred, class warfare and of murder are all promoted as acceptable means of overturning the American civil society.

It is an America where humans have been degraded to the level of animals: of defecating in public, having sex in public, devoid of basic hygiene. It is an America where the basic tenets of a civil society, including faith, family, a free press and individual rights, have been always rejected. It is an America where our founding documents have been now shredded and, with them, every person's guaranteed liberties.

It is an America where, ultimately, great suffering will come to the American people, but the rulers like Obama, Michelle Obama, Harry Reid, Nancy Pelosi, Barney Frank, Chris Dodd, Joe Biden, Jesse Jackson, Louis Farrakhan, liberal college professors, union bosses and all other loyal liberal/Communist Party members will live in opulent splendor.

It is the America that Obama and the Democrat Party have now created with all the willing assistance of the American media, Hollywood, unions, universities, the Communist Party of America, the Black Panthers and numerous anti-American foreign entities.

Barack Obama has brought more destruction upon this country in three years than any other event in the history of our nation, but it is just the beginning of what he and his comrades are capable of.

The Occupy Wall Street movement is just another step in their plan for the annihilation of America.
